

Requesting a Donation from Bigmouth

We wish it were possible to support all donation requests – however, due to the overwhelming number of donation requests we receive, we kindly ask requestors to follow our process described below when requesting a donation.

All requests are given serious consideration and will be reviewed in a timely manner. A decision not to support a request does not suggest that we believe the request is not needed or worthy, but we simply cannot comply with all requests...even though we would like to.

In order to consider charitable donation requests, we will only process requests that adhere to the following:

Donation requests must be made at least **90** days prior to the event or need date.

Only Tax Exempt, Non-Profit 501(c)(3) organizations will be considered, and requestors **MUST** provide a Federal Tax Identification Number along with requestor point of contact information, including email.

All donation requests must be submitted on organization letterhead and must state the nature of the request and purposed use of the donation.

Date, time and location of the event and any appropriate supporting documentation must be provided with the request.

All requests must be emailed, mailed or delivered to the winery for review and processing (no telephone or website requests).

Charitable donation requests received that do not adhere to the above requirements will not be processed for consideration. Approved donations will be sent to the stated point of contact via the USPS; please do not call to check on a submitted request. We appreciate your patience and understanding.

Requests for charitable donations can be submitted in writing by mail or in person to:

Bigmouth Donut Company

19265 Detroit Road

Rocky River, Ohio 44116

Or by email at: kelly@bigmouthdonut.com with the Subject Line “ATTN: Donation Request”

Thank you in advance for your cooperation and assistance with this process. We appreciate your interest in Bigmouth Donut Company.
